# FENWICK

## MANAGED PARKS AND OPENSACES

The calculation for useable openspace in Fenwick is combined with Waterisde and Moscow. Despite the rural setting of these communities, there is a deficit of openspace within this area of over 4 hectares. The recommended open space of the combined settlements is 6.61 hectares, but the actual useable open space provision is only 2.4 hectares. This is made up of 2.2 hectares in Fenwick and Laigh Fenwick and 0.2 hectares in Moscow. There are no open spaces in waterside which meet the useable open space criteria.
