

FACILITY AUDIT

MOSCOW & WATERSIDE

MANAGED PARKS AND OPENSACES

The calculation for useable openspace in Fenwick is combined with Waterisde and Moscow. Despite the rural setting of these communities, there is a deficit of openspace within this area of over 4 hectares. The recommended open space of the combined settlements is 6.61 hectares, but the actual useable open space provision is only 2.4 hectares. This is made up of 2.2 hectares in Fenwick and Laigh Fenwick and 0.2 hectares in Moscow. There are no open spaces in waterside which meet the useable open space criteria.

Moscow and Waterside provide an excellent base for exploring Whitelee Windfarm and the network of paths through the windfarm.

COMMUNITY LED FACILITIES

The management of **Hareshaw Hall** was transferred through a community asset transfer to a local community group. The centre is available for community meetings, activities and private and community functions

PRIVATELY RUN FACILITIES

Cowans Law is a Country Sports Centre based in Moscow which offers professional country sports under the supervision of local expert instructors. The Centre offers fly fishing, archery, clay pigeon shooting and has an air rifle shooting range. The centre also has holiday accommodation in three private lodges.
